

LEXILES

Learn more about lexiles at:
<http://www.lexile.com/LexileOverViewVideoFiles/lexileoverview.html>

FIND A BOOK

Find a book in your child's Lexile Range at:
<http://fab.lexile.com/>

FOLLOW FOUR STEPS:

STEP 1:

Enter your child's Lexile Measure or Lexile Range where it states
"My Lexile Measure is - "

or

"My Lexile Range is - "

Click on Continue

If you do not know your child's Lexile Measure go to the right where it says
" I don't know my Lexile measure "

Choose grade level and choose difficulty of classroom
reading material for your child

Click on Continue

Find A Book will create a Lexile Measure for your child

STEP 2:

Select Interests

Enter Keyword for interests and/or click from interest list provided

May choose as many interests as desired

Sub categories available by clicking on + next to each interest

Click on Search

STEP 3:

List of books appears in your child's Lexile Range

You May Refine Search by:

To the right - move sliders to adjust age appropriateness or Lexile Range

To the right adjust results by:

Keyword

Book Type

Lexile Code

Page Count

Then Click " Update "

You may access more information about each book in your Results List by clicking on Title
of book

You may create your own personalized reading list by clicking on " ADD TO
Reading List " to right of book title

STEP 4:

Access your reading list by clicking on:

My Reading List at top of web page

You may export your list, print your list, or send it via e-mail

Go to your school or public library or your favorite book store
and choose the perfect book for your child
